

Courses 2022

November, 16th - 18th, 2022 CIMA Building – Via Fleming 31b

Dott. Lorenzo Arizza

Expert in TEM microscopy and experienced user of
PHILIPS / FEI CM200

PHILIPS / FEI CM200 & QUEMESA CAMERA practical training course

The practical training course on the PHILIPS/FEI CM200 is addressed to personnel with past experience in the field of TEM microscopy.

Being the course open to a limited number of participants, interested personnel shall apply by sending a CV (max 2 pages) summarizing previous experiences in TEM and a short statement about his/her motivations (no longer than 300 letters, spaces included) to cima@units.it

within 1 p.m. ; November, 11th, 2022.

The selection will be performed by CIMA members and notified to applicants by e-mail on 11th November.

The successful candidates shall commit to attend the course, two half day (total 8 hours) and will be asked to become contact persons for the use of the microscope.
